

Dear Scholarship Applicants,

If you have any inquiries regarding the proposal or cluster directions, we encourage you to contact the cluster leads or co-directors of your preferred cluster. To assist you in doing so, we have included their UNM Profiles and emails. You can find a UNM Profile link next to the column of the cluster leads or co-directors, which will take you to a page with more information about their research focus and expertise. We recommend that you carefully review this information before reaching out to them. We wish you the best of luck with your application.
